

# Aurora

Newsletter by Amrithavarshini Belgie

Oct 2024

## Inaugural Address

### Aurora

The literary wing of Amrithavarshini Belgie

A novel venture by Amrithavarshini, Belgie to cater to the larger European music community but particularly to appraise and educate the students and aspiring musicians about the various forms of Indian Music. Carnatic Music, is one of the ancient music systems of the world and we are a group of

Carnatic Musicians deeply involved in propagation and continuation of this great tradition. We are eager to embrace a wide range of music, including Hindustani, European Classical, Western Classical, and Jazz. We are deeply inspired by the exceptional classical dancers in art forms like Bharatanatyam, Kuchipudi, Kathak, and others, who have made invaluable contributions to promoting and advancing the rich tradition of music.

This online newsletter will explore various facets of music, featuring concert reviews, an events calendar, and high-quality articles on different aspects of the musical world. Initially, we would be doing Raga and tala appreciation articles and during the course of the newsletter's evolution we will keep adding other aspects as well.

On this auspicious day of Vijaya Dasami we are proud to inaugurate this newsletter and from November onwards articles and various other activities will continue.

Seasons greetings and good wishes  
Mannarkoil Balaji  
Dr Uma Ramakrishnan
